

Preventing Non-Conformances

To help prevent unforeseen costs, Williams has put together this simple guide to help you reduce opportunities for non-conformances in your waste.

Solutions to common causes of non-conformances

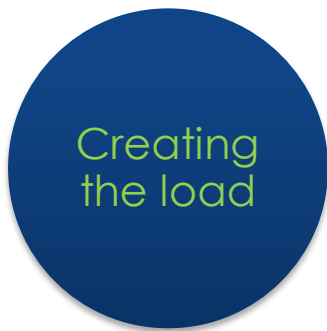

Pack like
with like

Label
everything

24hrs
notice

Bring correct
paperwork

Secure
the load

Pack similar small items together into larger containers. e.g. Paints with paints, oils with oils.

Ensure all items have a clear label or description on the outside.

Provide a minimum of 24hrs notice prior to arrival.

Ensure Consignment Note / Transfer Note is fully completed and given to your driver to bring with them.

Safely secure containers such as Wheelie Bins and Drums in your vehicles prior to departure.
